# MI CASA, TU CASA

Steeped in history, the first records of this beautiful villa date back to 1880s where the farm workers lived with their family and the fertile grounds produced almonds, wheat, carobs and vines. Early last century the house was used for scholarship where boys from the local area would walk in the evenings for readings and mathematics.

Today, Paissa has a tasteful mix of influences and is elegant and secluded. Extending over 15 hectares with a total 4,800 ft<sup>2</sup>. A hidden gem, this home is the perfect location, close to the white sandy beaches and clear blue sea, with complete intimacy in unspoiled nature. Unlike other venues we are able to offer you a comprehensive one-stop solution for your special event.

This blissful five-bedroom villa is nestled in the silent vivid green mountain landscape within the borders of Ibiza's nature reserve. A unique and rare place for visitors to see.

Paissa has large open spaces, sun-drenched colourful gardens, water-features and chill-out areas around the pool and back gardens with Balinese gazebos that make the perfect setting for blissful relaxation. Feel free to explore the surroundings and take a stroll to the beach down the peaceful, private walkway

# CHILD-FRIENDLY VENUE

Paissa d'en Bernat is a fun-house for the small ones! The grounds are vast, and kids will spend hours on adventures in a safe environment while burning off some energy!

If you are planning on having a child-friendly wedding it's a great idea to arrange some entertainment for them throughout the day and to have an allocated chill-out area. While some children may relish the thought of staying up late, what is late to them isn't late to your adult guests, so don't be surprised if they're starting to nod off just as the party is getting started. For this we have designated areas that are suitable for children whether it is outside in the Balinese Gazebos or in the sitting room, away from the hustle, bustle and noise of the main reception area, where parents can put their children to sleep.

And when it comes to food, your mini guests need to be fed just like everyone else. We have designed menus perfect for little ones! Kids can be seated with adults or we can allocate a kiddie table if you would rather hire a babysitter to take care of the little ones, leaving the parents to play.

Max capacity: 12 children

# HIRE OPTIONS

At Païssa d'en Bernat we offer you two options of hire:

## **DAY HIRE**

Hire the venue for the entire day of your wedding – from 10:00 AM until closing.

This type of hire allows the bride and bridesmaids to arrive early at the venue to start the exciting process of preparations for the wedding day. We offer the option of a bridal brunch so you can sip your Cava by the pool while you get your hair and make-up done, and you can see the process of the venue being set up for you.

## **HOLIDAY HIRE**

For those who would rather make Païssa d'en Bernat their home for the weekend, we offer limited dates in which you can book the entire property as your holiday home.

Rates and availability on request.
